KRISH-V GLOBAL INTERIORS – 3D DESIGN TERMS & CONDITIONS

Design Visualization and Material Selection:

- **Laminate Representation:** Laminate shades in the 3D images are from the respective companies' e-catalogs. While we aim for accuracy, the rendered images may not match the actual products. We strongly recommend that you review the physical laminate samples before approving the final design. Krish-V Global Interiors is not responsible for discrepancies between the rendered image and the physical laminate.
- **Presentation Elements:** 3D design elements, like accessories or furniture, are for presentation only and may not be included in the final execution unless specified in the quotation.
- **2D Drawings:** A 2D drawing of the cabinet's inner elevation will be provided for your review and understanding of the internal layout.

Design Confirmation and Execution:

- **Design Approval:** The client is responsible for thoroughly reviewing and confirming the final 3D design. Once the design is approved, no further changes will be accepted. Please verify all dimensions, materials, finishes, and layouts before confirming.
- **Confirmation Method:** Design confirmation must be in writing via email and the Krish-V app. Verbal confirmations will not be accepted.
- **Production Based on Approved Design:** Production will follow the client-approved design. Any changes requested afterward may incur extra charges and could be unfeasible.

Pricing and Quotation:

- **Pricing Variations:** The initial price estimate may change based on the final design, chosen materials, and client revisions.
- **Revised Quotation:** After design confirmation, a final quotation will be provided, which the client must accept before production begins.

General Terms:

- **Intellectual Property:** The 3D designs created by Krish-V Global Interiors remain the intellectual property of Krish-V Global Interiors unless otherwise agreed upon in writing.
- **Project Timeline:** Timelines will be provided separately and may change due to design complexity, material availability, or unforeseen circumstances. Krish-V Global Interiors will strive to meet the agreed timeline.
- **Site Conditions:** Unless agreed otherwise in writing, the client must ensure the site is ready for installation, including necessary electrical and plumbing work.
- **By choosing Krish-V Global Interiors for 3D design services, you agree to our Terms and Conditions.**
